

# WE'RE HUNGRY!

Mariner Private Equity is hungry for a food transaction. Our firm's principals have grown out of the food industry having started, operated and sold food service companies, which generated over \$500 million in annual sales. We are actively pursuing control transactions with food companies with \$1 to \$5 million in EBITDA, located between the Rocky and Appalachian Mountains including:

- Distribution
- Functional / health foods
- Packaged convenience foods
- Processed foods for QSR
- Snacks, desserts and candy
- Specialty baked goods

For more information please contact Patrick Doherty or Blake Dell at (314) 698-5150.
